

Mountain Khakis® Introduces New Women's Apparel for Fall/Winter 2019

JACKSON HOLE, WY (DECEMBER, 11 2018) – [Mountain Khakis®](#), the leading premium outdoor apparel outfitter for men and women, introduces new women's apparel for Fall/Winter 2019, where fit, function and style are the focus.

With new silhouettes in both tops and bottoms, the new Women's key styles speak to those who spend time both inside and out. Classic MK durability and go-anywhere style and comfort will have you wanting more.

Camber 107 Pant

The ladies have been asking for a work pant comparable to the likeness of the well-known MK men's offering and here we have it. The ultimate women's work pant, the Camber 107 is tough yet lightweight. Built with the same 9oz cotton/spandex canvas as the Camber 106, but with thoughtful reinforcements to make these certified tough. The mid-rise waist keeps dirt out while adding modest comfort and the double layer chap-style leg reinforcement keep branches, embers, earthly shrapnel and spiders from piercing the armor. 5-pocket styling, plus an extra utility pocket on the thigh that's sized to hold your handy smart phone or utility knife. Triple stitched seams and bar-tac reinforcement raise the bar on durability. Classic Fit.

Charlie Pant

Designed to be your everyday pant, the Charlie Pant features organic cotton with just enough spandex to flatter any figure. The perfect 4-season pant, the Charlie offers a mid-rise, skinny leg with 5-pocket styling for an offering that compliments any casual occasion. Classic Fit.

Sagebrush Dress

The Sagebrush is the ultimate colder weather dress. Featuring hand pockets and a cozy 2 layer fold-over collar, this organic cotton/recycled polyester blend knit dress will make you feel good about yourself in more ways than one. It is as practical as it is good looking and comfortable. Hits just above the knee. Classic Fit.

Saloon Shirt Dress

Inspired by the Men's Saloon Shirt, but decidedly feminine and everywhere-appropriate, the Saloon Shirt Dress features a full length placket with passion snaps, signature MK back yoke and both front and back yoke set on bias. Drop tail hem and side slits with reinforced bar tacking completes this ladylike look. Classic Fit

Arroyo Wrap

The long, knit Arroyo Wrap will make anyone feel at home. Made with an environmentally friendly hemp/organic cotton blend fabric, this trendy drop shoulder styling with side slits is great for lightweight warmth all season. Relaxed Fit.

Sagebrush Henley

This wear all-day waffle knit shirt is made with organic cotton/recycled polyester and features classic Henley stylings - button front placket and raglan sleeves - but with a poplin weave detail around the neck and front placket for personality and ultimate wear ability. Perfect on its own, it also works well as a layer for long days on the trail. Classic Fit.

Christi Fleece Lined ShirtJac

Is it a shirt or a jacket? Lined with soft fur fleece but not bulky, this piece can be both. Coordinating p-cord zipper pulls on hand pockets and hanger loops and feminine rubberized buttons offer a clean look for work or play. Relaxed Fit

Winterlust Fleece Vest and Jacket

Designed for ultimate comfort and warmth in a high pile fleece, the Winterlust Vest and Jacket both feature an oversized collar with a great next-to-skin feel. Hand warmer pockets in front of zippered pockets offer extra security for smaller items. Princess seams maintain a sleek silhouette and Lycra-bound cuffs keeps the elements out. Classic Fit.

Pop Top Hoodie

With an oversized hood and overlapping neckline, the Pop Top Hoodie is the ideal causal layer for fall and winter. Perfect as an outer layer or under a jacket, this Hoodie is ready for Saturday lounging or an afternoon stroll at the farmer's market. Two zippered hand pockets offer a place for smaller essentials, while side slits allow easy access to pant pockets. Classic Fit.

Pop Top Qtr Zip

Adding a little pep to your step with the newly designed Pop Top Qtr Zip. Featuring an asymmetrical zipper at the neck for a little added flare and two zippered hand pockets for smaller essentials in a jacquard fleece. Drop shoulder styling and a longer-hip length means it is perfect with leggings or jeans. Relaxed Fit.

Apres Sweater

The ultimate day off sweater. Super high pile polyester fleece envelops the body in soft coziness. The oversized cowl neck provides extra warmth and style, while the kangaroo pocket is the perfect hiding spot to guard against the cold. Casual comfort at its best. Relaxed Fit.
